### A Safe Place: Our Mission and Purpose

As the leading advocate for eliminating domestic violence in northern Illinois, A Safe Place provides emergency shelter, affordable housing, court advocacy, and individual and group supportive services to survivors of domestic violence and their children; educational programs for the community; and intervention services for abusers to learn accountability for their choices and actions. Last year, A Safe Place served more than 29,000 adults and children. Generous support from the community through events like Wine Women & Shoes makes it possible to provide lifesaving transformative services for domestic violence survivors and their children.
